208-447-6059

A passionate, problem solving UX/UI designer who is eager and willing to gain valuable knowledge and experience creating user-centered designs. I am looking for an enviornment that allows me to grow and learn every day.

Skills.

Product design	Figma	Jira
Adobe creative suite	Web design	Problem solving
UX research	Interactive prototyping	Microsoft office
Visual design	HTML / CSS	Creative strategy
Project management	Interface design	Miro

Experience.

Ignis Technologies

UX/UI designer - Internship/Contract | Jan 2023 - Present

- Designed high-fidelity wireframes based on low-fidelity wireframes and improved designs by creating a user-centered experience.
- Collaborated with engineers and developers directly to ensure designs are feasible and implemented properly.
- Created a design system and design language by creating a color palette, icon library, type library, logo collection, and components.

Freelancer

Web designer, communication designer | Sep 2020 - Present

- Created a website for a popular bakery in Boise, Idaho by taking an audit of the previous website and re-designed all pages.
- Created a letterhead for a Pasadena law firm in 2021 and 2022 by following their company colors, principles, and values.
- Designed successful logos, podcast covers, birthday cards, and website designs for clients throughout the past two years.

Intersect LA

Project lead, UX/UI designer, visual designer | 2021 - Mar 2023

- Delegated team members tasks, communicated with clients, set and managed deadlines, and created presentations to pitch to clients.
- Built mid and high-fidelity wireframes, prototyped, created user flows and did extensive research for clients as a UX/UI designer.
- Established brand identities by addressing brand attributes and created deliverables that market to a specific audience.

Education.

California State University, Northridge

Jan 2023 - Present

- B.A., Art, concentration in Communication Design
- 3.7 GPA, Dean's List (Fall 2021 - Spring 2023)

Pasadena City College

Sep 2017 - Dec 2020

- A.A., Studio Art
- 3.9 GPA

Activities.

SAGA

Jan 2023 - Present

- Communication design club focusing on meeting and learning from professionals and alumni to get real-world experience.

Teach Access Study Away

Spring 2022

- Accessibility program equipping students to be advocates for inclusive accessibility.
